ENVOYS OF PEACE SENT TO REBELS

Tong Shiao Yi and Others to Hold Negotiations.

WAR MAY BE NEAR ITS END

Chinese of Western Hemisphere Taking Advisory Vote on President, Seem to Favor Sun Yat Sen.

Pekin, China, Dec. 9. — The government peace commissioners, headed by Tong Shiao Yi, left here for Hankow to treat with the rebel leaders for the termination of the war. The authorities here are optimistic as to the outcome of the negotiations.

San Francisco, Dec. 9.—The Chinese of North and South America, who are taking a vote on their preference for a president of the new Chinese republic, are nearly unanimous for Dr. Sun Yat Sen.

The balloting, it is explained here, is not to be considered in the nature of an election to office, but it is to constitute a guide to the rebel chiefs here and in China in selecting a leader to hold office until the republic is firmly established and it is possible to hold an election in China. This, it is believed, will not take place for at least two years.

Dr. Sun Yat Sen, it is announced here, will reach Shanghai Dec. 22. It is believed that he will be named dictator by the leaders at once and is expected to take supreme command and bring the warring factions together.

PRINCE CHUN FORCED OUT

Yuan Shih Kai Took Action to Soothe Revolutionists.

Tokyo, Japan, Dec. 9.—Japanese papers agree that Yuan Shih Kai was compelled to force the resignation of Prince Chun as regent of China to soothe the revolutionists and facilitate the peace negotiations.

In the Asahi Shimbun belief is expressed that the resignation of the prince and the adoption of the new constitutional creed are practically equivalent to the republicanization of the empire.

Trying to Extinguish Blazing Newspaper, Vassar Woman Is Set on Fire.

Vassar, Mich., Dec. 9.—Mrs. Eltham Teetzel, an invalid woman of seventy-five years, while sitting in a chair near the stove, was badly burned. A spark from the stove set fire to some newspapers on the floor near the old lady. She bent over to smother the blaze and her clothes caught fire.

Her screams brought Alfred Stone, a carpenter who was working on the house, and he finally succeeded in putting out the fire, but not before she was so badly burned that the doctor thinks she cannot recover. Her husband had just gone down town to do some trading.

RETURNS FROM HAVANA

President of Board Investigating Cause of Maine's Destruction.

WHITE WAS FRIGHTENED

Legislator in Constant Fear of Lorimer Crowd.

Chicago Policeman Says Prisoner Told Him Fairy Stories About Politics.

Washington, Dec. 9. — John J. O'Keefe, a Chicago policeman attached to the state's attorney's office during the Lee O'Neill Browne trials, was a witness in the Lorimer inquiry. He said that Charles A. White was in his charge at the Lexington hotel in Chicago between Aug. 1 and Aug. 10, 1910.

"White was in constant fear of the Lorimer crowd," he said. "I asked him why he was afraid of them, and White said he was in fear because of the testimony he had given in the Browne trials.

"White told me that if Browne were convicted Lorimer would be unseated, governor of Illinois and he himself exgovernor of Illinois adn he himself expected to be made warden of the state penitentiary. He told me to keep my mouth shut and I would not have to stay in the police department.

"White boasted that Edward R. Wright, president of the Illinois Federation of Labor, had brought him word from the governor of the state that he need not be afraid of being put into jail for any testimony he had given."

E. J. Bell, a Chicago street car conductor, testified in an effort of the defense to show that Sidney Yarbrough was in Chicago on the night of May 24, 1909, instead of in a hotel room at Springfield, Ill., with Charles A. White, the state legislator, who made a confession of bribery. White had sworn that he was in Springfield. Bell corroborated Motorman George Gloss by swearing that he saw Yarbrough on a trolley car the night of May 24.

When Bell was taken in hand for cross-examination he contradicted much of his testimony.

Providence, R. I., Dec. 9.—Mrs. Pankhurst the leader of the English suffragettes, had a rude shock here when the motor car in which she was riding was held up by the automobile squad for exceeding the speed limit and the chauffeur placed under arrest.

It was nearly 3:40 and as Mrs. Pankhurst was due to speak at the Providence opera house at 4 o'clock the chauffeur was allowed to deliver his passenger before being taken to the central station. The chauffeur was sentenced to pay a fine of $15 and costs.

Spiro Alexsi, who was a pal of Steiche's, is yet to be tried

NEGOTIATIONS WITH COUNTRY CLUB PENDING

The D., J. & C. held a conference this morning with the directors of the Washtenaw Country club at the club house for the purpose of determining whether the structure could be moved further back, out of the line of the projected double tracks, or whether it would have to be torn down. It is considered a rather large building to be moved and after going carefully over the building the officials representing the electric line did not announce what their conclusion respecting the matter was. There will be later conferences over the various adjustments which will need attention.

The officials of the D., J. & C. Co. state that the rumor concerning the change in route through Ypsilanti is not founded. There will be a double track from Ann Arbor to Detroit and that it will be finished some time during the coming summer if present plans develop, but the route will remain the same as at present.

TWO MEN ARRESTED

John Leonard and Otto Hangitz, two men who recently rented a farm two miles south of Ypsilanti, were arrested early this afternoon by Deputy Sheriff Chas. Hipp of this city, Sheriff Starks, and Deputy Sheriff Mat Max of Ann Arbor and Sheriff Jerry of Saline, on a charge of stealing potatoes from the County Poor Farm a few weeks ago, also of stealing a horse from Henry Brown of Ann Arbor town. Hangitz has confesed already. It is thought that these parties have been stealing a large amount of the missing property that has disappeared in this vicinity for the past few months.

NOTICE.

BOYS ACCUSED OF THEFTS

Kalamazoo Police Think They Have Cottage Robbers.

Kalamazoo, Mich., Dec. 9.—Officers believe they have landed in jail three boys who for months past have been making raids into the country, stealing anything of value they could find and get away with. The first arrest was of Lloyd Trumbull, who is alleged to have stolen a horse a few nighst ago. It was through his capture that officers arrested Ernest Osborne and Ralph Whipple.

Officers believe that the boys can tell them something about the robbery of twenty or twenty-five cottages at Long Lake and the thefts of grain, harness and other articles.

PI KAPPA SIGMA GIRLS HAVE PRETTY ANNUAL GYM PARTY

The Pi Kappa Sigma gave one of the prettiest parties of the season Friday evening at the Normal gymnasium. The guests were received by Miss Marguerite Gerber, Miss Mary Putnam and Mr. and Mrs. E. A. Mellencamp. Finzell's orchestra from Detroit played. The men's gymnasium was arranged as a reception room and punch was served there. The women's part was used for dancing and a striking effect was produced here by the use of boxes representing stars and the moon which concealed the lights. About one hundred couples were on the floor. The grand march was led by Miss Blye Quigley and Ross Holmes of Ann Arbor. Miss McRae represented the chapter from the Mt. Pleasant school. A number of former students belonging to the chapter had come back for the occasion.

The annual banquet will be held today in the Presbyterian diningroom and here likewise the initiations will take place.

Prosecution of Bert H. Franklin On Charge of Attempted Bribery In M'Namara Case Will be Pushed

Los Angeles, Calif., Dec. 8.—The prosecution of Bert H. Franklin, the detective employed by the defense in the McNamara cace, who is charged with bribery, will not be dropped, according to District Attorney Fredericks. It is not certain what attorneys will represent Franklin, but the general impression is that at least two of the attorneys who have been representing the McNamaras will defend Franklin. District Attorney Fredericks says that if the defense asks it a continuance of the Franklin case will be allowed, but that there will be no considerable delay in calling it for trial.

MINE EXPLOSION WRECKED MAINE

Board of Naval Experts Returns from Havana.

AFFAIR ENTIRELY CLEARED UP

Models Brought Home for Inspection Show Exactly Where Explosive Was Placed and Consequence of Explosion.

Washington, Dec. 9.—That the primary cause of destruction of the United States battleship Maine in Havana harbor was the explosion of a submarine mine or some similar contrivance is the verdict of the Vreeland board of United States naval experts who have examined the exposed wreck.

The board has reached Washington from Havana and has formally presented its report. The board is unanimously of the opinion that an explosion external to the ship caused the explosion of the vessel's magazines. This conclusion was reached after tow weeks spent in Havana, examining the wreck. Their report, made nearly fourteen years after the destruction of the Maine, confirms in general the findings of the Sampson board which investigated the disaster in 1898. The verdict of the Sampson board was largely based on reports of divers who examined the torn hull, while the Vreeland board was able to examine every detail of the wreck for the first time exposed to view by the dewatering of the cofferdam. Rear Admiral Charles E. Vreeland, chairman of the board, made a verbal report to President Taft and handed to Secretary Meyer the complete report of the board. This will later be sent to congress and probably made public in full.

The board making this report consisted of Admiral Vreeland, its chairman; Commander Joseph Strauss, explosive and ordnance expert; Naval Constructor William B. Ferguson, who has been representing the navy at Havana ever since the army engineers started work uncovering the wreck; Chief Constructor Richard M. Watt, head of the bureau of construction and repair, and Lieutenant Colonel William M. Black, United States army engineer corps, who was in charge of the operations on the sunken battleship.

The board brought back with them models showing the Maine as constructed and her present condition. The models were built by Naval Constructor Ferguson and with the accompanying blue prints show the proper and the displaced positions of every portion of the ship. So complete are these models that the identification of every piece remaining attached to the hull is possible.

Spain was invited by this government to be represented during the work of uncovering the Maine, but she never accepted the invitation.

WIDOWS GET FIRE FUND

Chicago, Dec. 9.—Twenty-one widows, all dressed in black with long flowing veils of mourning, survivors of the victims of the stockyards fire, on Dec. 22, 1910, received their shares of the $211,000 subscribed for them by the public after the death of the firemen. The settlement was made in the office of Attorney J. J. Coburn, 106 North LaSalle street, who has represented the widows in their fight for distribution of the fund.

Mrs. Margaret Horan, widow of James Horan, the late fire marshal, who gave his life in the blaze, and Mrs. W. E. Burroughs, widow of the first assistant fire marshal, were not present to get their share of the money, both being represented by Max Baird, counsel for the citizens' committee, which had charge of the fund.

THE PEOPLE OF YPSILANTI CANNOT AFFORD TO GRANT ANY GAS COMPANY ANY FRANCHISE IT WILL ACCEPT.

THE PEOPLE SHOULD OWN AND OPERATE THE GAS BUSINESS FOR THEIR OWN PERPETUAL BENEFIT, AND NOT PERMIT A NON-RESIDENT PRIVATE CORPORATION, FOR REVENUE ONLY, TO TRAFFIC IN THEIR NECESSITIES.

———:o:———

AND NOW FOR THE LOCAL APPLICATION.

The democrats of Ypsilanti are to be commended for their endorsement of Governor Wilson of New Jersey for the presidency. If Governor Wilson is nominated, we believe he will poll the largest vote ever polled by any democrat. And if the democrats of Ypsilanti will endorse and actively support locally the progressive principles they endorse in Governor Wilson, they will do their city a distinct and lasting service.

These will include the initiative, the referendum, the recall, commission form of government and the short ballot system. And they should and would have the support of progressive republicans who believe in the same wholesome home-rule principles as indicated by the following quotation from their platform:

"The Progressive Republicans of Michigan believe in the following principles: The restoration of Popular Government by the Iniatitive and Referendum and Recall; the direct primary for the nomination of all elective officers by direct vote of the people, incuding National Senators and Presidential delegates, with instructions as to choice for President; free the party from the domination of political bosses representing special interests; conserve and reclaim natural resouces; restrain with a strong hand corporate and business greed; purify the ballot by a thorough going corrupt practices act."

And we believe the progressive democrats and republicans in Ypsilanti and Michigan far outnumber the reactionaries in both parties, and the adherents of all the lesser parties, numerically, are distinctively progressive.

Then why should we manifest in a practical way our progressiveness at home? To live our principles at home is the test of sincerity and usefulness.

Let's do it for Ypsilanti before the next president is elected.

PROCEEDING OF THE COMMON COUNCIL

Petitions and Communications.

Ypsilanti, Mich., Dec. 4, 1911.

To the Honorable Mayor and Common Council of the City of Ypsilanti:

Gentlemen—We, the undersigned, residents and tax payers of Ypsilanti, living on Jefferson Ave and vicinity, respectfully petition your honorable body to install an electric arc light on Jefferson Ave. near where the intersection of Hawkins street would come, the light is needed very much.

Very respectfully,
WILLIAM BROOKS,
JAMES PARMAR,
SIMEON CROSBY,
LEVI HARRISON,
WM. POLARD,
and 16 OTHERS.

On motion of Ald. McDermott, referred to Commissioners of Public Works.

Ypsilanti, Mich., Dec. 4, 1911.

To the Honorable Mayor and Common Council of the City of Ypsilanti:

Gentlemen—Whereas: Under the present system of slaughtering live stock, fowls, or game of all kinds, or the taking care of the offal from same, and other offensive matter, the sanitary methods employed are imperfect and unsatisfactory, and the odors arising therefrom are offensive and a nuisance to the citizens of Ypsilanti, Michigan, and injurious to the health of said citizens, now, Therefore, in order to better the conditions of said city;

Your petitioners, citizens of Ypsilanti, Michigan, contemplate the erection of, and operating a sanitary slaughterhouse and public abbettor and reduction plant for the disposal of slaughter house offal, tallow, bones and other refuse matter that we may be able to secure.

Respectfully request consideration by this Board and the City Council in granting to "The Ypsilanti Abbettor's and Stock Yards Company," of Ypsilanti, Michigan, according to properly drawn ordinances, a license to build and operate the said Reduction Plant within, or near the said city.

Respectfully,
HENRY WAGNER,
Consulting and Sanitary Engineer.

On motion of Ald. Stevens, referred to Committee on Ways and Means.

Ypsilanti, Mich., Dec. 4, 1911.

To the Honorable Mayor and Common Council of the City of Ypsilanti:

Gentlemen—Your petitioner, the Ypsilanti Gas Company, herewith submit an Ordinance granting to the Ypsilanti Gas Company, its successors and assigns, a franchise to lay, maintain, operate and use gas pipes, mains, conductors and service pipes in the streets, alleys, high-ways and public places, in the City of Ypsilanti, for the purpose of supplying and selling gas for all purposes, to said City and the inhabitants thereof, and respectfully asks your Honorable Body to adopt this Ordinance.

It is proper to call your attention to certain facts which you would naturally consider in your deliberations concerning this Ordinance.

The present ordinance of the Ypsilanti Gas Co. was granted on the 20th day of March, 1884, and extended for a period of thirtly years from the first of January, 1884. The original ordinance granted an exclusive right, and provided that the city should not grant or sell, or in any way give to any other person, or association, the privileges granted by the ordinance to this company. Subsequently on April 15th, 1903, this ordinance was amended, the effect of such amendment being to confirm the exclusive right to the Gas company, and provide that the City of Ypsilanti should not during the life of the ordinance, enter into the business of manufacturing gas.

Under this ordinance the gas works were erected by citizens of the City of Ypsilanti. The works and mains were from time to time enlarged and extended to properly supply the city with gas, and during the past eight years, and under the present management of the company, upwards of forty thousand dollars ($40,000) have been spent in the enlargement and extension of the plant with a view of meeting the full requirements of all citizens desirous of using gas.

Under the constitution adopted in November, 1908, certain provisions are found respecting public utilities in cities and villages, both as to the rights of the city to grant franchises, or to enter into the operation of any public utility.

Section 24 of the constitution provides:

"That when a City or Village is authorized to acquire or operate any public utility, it may issue mortgage bonds therefor beyond the general limit of bonded indebtedness prescribed by law; Provided, that such mortgage bonds issued beyond the general limit of bonded indebtedness prescribed by law, shall not impose any liability upon such City or Village, but shall be secured only upon property and revenues of such public utility including a franchise stating the terms upon which, in case of foreclosure the purchaser may operate the same."

A further provision is made in the constitution respecting the granting of franchises, which will be hereafter referred to.

We believe that your honorable body will take into consideration the fact that the business of the Gas company has been fairly conducted; that it has extended its service wherever there has been a reasonable demand therefor, and that the price charged for gas is, as can be shown by the records, as low as any city of its size in the State of Michigan, and lower than a great majority of the cities in this state having a greater population than Ypsilanti, are now paying. The present price of gas to the consumer average about 93 cents per cubic feet. The records on this subject are available to your honorable body if you so desire.

It may not be out of place to say that of the total capitalization of the company a majority of it is held by residents of the City of Ypsilanti. It is only natural that an ordinance extending the franchise life of this company should be asked for at an early date when the matter can be carefully considered, and especially in view of the fact that extensive improvements and betterments to the service and extensions of the mains require the investment of large additional capital, and such capital would naturally expect the establishment of a fixed relation between the company and the city in respect to its interests and future investments.

Section 25 of the State Constitution provides:

"That no city of village shall acquire any public utility, or grant any public utility franchise which it not subject to revocation at the will of the city or village, unless such proposition shall have first received the affirmative vote of three-fifths of the electors of said city or village voting therein at the regular or special municipal election; and upon such propositon women tax-payers having the qualifications of male electors shall be entitled to vote."

Your petitioner, therefore, asks that this ordinance be considered and passed by your honorable body and that when it is passed a resolution be adopted submitting the ordinance to a vote by the electors of the City of Ypsilanti at a special election to be held for that purpose as required by law. And your petitioner offers to pay the expenses of such election when the same shall be authorized by your Honorable Body.

Respectfully submitted,
YPSILANTI GAS CO.

Ald. Beal moved that same be received, filed and printed, and action thereon be deferred until the next meeting of the Council. Mr. Douglas, on invitation of the Council, stated fully the intention of the company and why immediate action was desired.

On motion of Ald. Whitman, received and filed.

Ypsilanti, Mich., Dec. 4, 1911.

To the Honorable Mayor and Common Council of the City of Ypsilanti:

Gentlemen—In the matter of the assessment for the Upper Ellis street sewer, we respectfully report that we have gone over the same and find no reason for any change in the assessment as made. We do find that at one time Mrs. Richards, who was then owner of the property now owned by C. M. Holmes, paid on the Cross Boulevard sewer an assessment of $51.67 and we recommend that this amount be repaid to the present owner.

STEPHEN HUTCHINSON,

To the Honorable Mayor and Common Council of the City of Ypsilanti:

Gentlemen—In the matter of the assessment of the sewer on Prospect avenue referred back to us, we respectfully report that, in our best judgment, same was assessed according to benefits, as per direction, and we find no valid reason to change it. We find that on the former sewer Mr. Childs was given an exemption of 66 feet, and on this sewer we gave him a like exemption, and these cover all of the exemption to which he is entitled.

FELLOWSHIP TO BE ORGANIZED

"The Cleary College Fellowship" is the name whereby a new organization at the Cleary College will doubtless be launched on Sunday afternoon. President Cleary has contemplated for some time an association within the college which should have for its purpose the betterment of the student body by encouraging and cultivating fellowship among the students and creating an attitude of friendly responsibility for one another. Quite recently he outlined his ideas in part at the chapel exercises and asked that those students interested in a plan having such an objective should meet together on the following Sunday. About seventy-two responded and a conference was held on the subject.

Tomorrow the organization and its plans will be further developed by the drafting of a constitution and possibly by electing officers. There will be an execusive committee and sub-committees. The social committee, for example, will make arrangements for Friday evening gatherings and for other entertaining done in the name of the students. From the different churches' committees will doubtless be appointed to look after the students who ally themselves with the various denominations. All students who affiliate themselves with the undertaking will constitute a committee to look after the students in the college.

A small fee will doubtless be charged which will make one a member of the fellowship for life. Since there are now at least 125 Cleary college students in Jackson and many times this number in Detroit branches of the Fellowship may be organized at other points.

Mrs. Jacob Groh and daughter, Thelma, of Detroit are visiting Mrs. Peter Kerner and other relatives here.

Mrs. G. M. Hull and Mrs. William McLeod were in Ann Arbor Friday.

W. E. Wheeler of Ann Arbor was here on business Friday.

DOUBLY PROVEN

Ypsilanti Readers Can No Longer Doubt the Evidence.

This Ypsilanti citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the vidence conclusive.

It forms convincing proof of merit.

Mrs. Thomas Barnum, 23 Water St., Ypsilanti, Mich., says: "A heavy cold which settled on my kidneys affected hem and my back became so painful hat I could not stoop or lift. I neglected to treat the trouble and as a result, it became serious. When I found how bad my case really was, I began using medicine, but then it was oo late and I got only temporary relief. It was difficult for me to sit down and just as hard to get up, owing to sharp twinges through my loins. The secretions from my kidneys were also unnatural. Finally I began taking Doan's Kidney Pills, procured at Weinmann-Matthews, Co.'s Drug Store, and the first few doses benefited me. By the time I had finished the contents of one box, my pains and aches had all disappeared and I felt like a different person. I think that I am justified in recommending them." (Statement given in 1906).

Time is the Test.

Mrs. Barnum was interviewed on September 20, 1911, and she added to the above: "I cheerfully confirm my former endorsement of Doan's Kidney Pills, for they made a permanent cure in my case. I have had no further need of a kidney medicine since 1906."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

FIRE MARSHAL URGES CARE IN DECORATING

State Fire Marshal C. A. Palmer has issued a bulletin citing the state fire law pertaining to the Christmas season. It contains the following paragraphs among others:

"The use of tissue paper, excelsior, straw, cotton and all other light and especially inflammable materials in the decoration of store windows where there is an open gas jet, and in the wrapping of electric light bulbs is strictly prohibited, and you are requested to particularly enforce this provision. The decoration of Christmas trees in public places with any of the above materials, is considered a crime by this department and you are requested to urge the people of your locality to refrain from its use in that way."

Fire Insurance Policies.

Fire Marshal Palmer also has the following to say in connection with fire insurance: "Remember that a policy of fire insurance is invalidated if the terms are varied in the slightest degree by the assured, and the careless handling of electric wiring, or the use of known fire hazards, has resulted in many a policy holder losing his entire indemnity."

GAS OFFICERS DENY TAKING A PART IN ELECTION

Ann Arbor, Dec.. 6th, 1911.

Editor of The Ypsilanti Press,
Ypsilanti, Mich.

Dear Sir—I note in your issue of December 5th an editorial to the effect that the Ypsilanti Gas Company has been active in your local politics, particularly in the recent special election in reference to issuing bonds for the high school. To the intelligent citizens of Ypsilanti, it would seem unnecessary to deny these allegations and I can only refer to the record of the company since the writer has been connected with it for the past ten years. Twice the question of a franchise has been brought before the Council but in neither case has the company brought the slightest influence to bear on the members of that body, the questions being simply submitted on their merits. You infer that the writer was working during the entire day of the recent election. I was in Ypsilanti about one hour on that day and did not know that you were having an election until I reached there and paid absolutely no attention to the same, as I did not and do not now consider that it had the slightest bearing on the affairs of the company.

Yours very truly,
HENRY W. DOUGLAS.

DEAN OF ENGLISH COLLEGE WRITES OF U. S. ALUMNAE

The history, work and objectives of the Association of Collegiate Alumnae, which includes members in Detroit and Ann Arbor as well as Ypsilanti is made the subject of a splendid article in a book just published by Dr. Sara A. Burstall, dean of women in the University of Manchester, England, who was in America a few years ago studying educational institutions.

While here Dr. Burstall was greatly impressed with the association and in her book, "Impressions of American Education," gives much space to it in the chapter, "The Place of Women in American Education." She writes that it is unlike anything in England.

Dr. Burstall has founded the Federation of University Women in England and it is modeled largely after the A. C. A.

OPERA HOUSE MAY BE PURCHASED BY JACOB COMPANY

Negotiations are pending for the purchase of the Ypsilanti Opera House by the Jacob Booking company of Detroit. Mr. Albert J. Jacob is on the ground today and has arranged for a special vaudeville production this evening.

There will be four acts this evening. The bill will be headed by Guy Stone, the Irish Harpist. He has won a wide reputation by his masterly handling of musical instruments.

Another feature of the performance this evening will be presented by the Weber sisters. One of their star stunts is the rendition of the funny song, "I Am So Very Shy," in cleveh costume suitable for the occasion.

Miss Bell stewart and Ida Jarvis are two other clever entertainers who will complete the program. Each of the four performers has a special and original manner of entertainment and the production will, according to the assurances of Mr. Jacobs, be high class in every way.

FORMER YPSILANTI MAN DEAD AT HOME OF HIS DAUGHTER

Word has been received by Ypsilanti relatives of the death at midnight of Murray Holmes at the home of his daughter, Mrs. William Richards, on Detroit. Mr. Holmes was 79 years old and had been a resident of Ypsilanti for over forty years previous to going to Detroit. He was born in McCone county and came to this city when a child and located on a farm one and one-half miles south of Ypsilanti. The death of Mrs. Holmes occurred only a few weeks ago. He leaves two brothers, Cassius and James Holmes, and two sisters, Mrs. George Jarvis and Mrs. Cornelia Sevey. All are of Ypsilanti except Mrs. Sevey whose home is at Cedar Springs.

The body will be brought to this city for burial Monday with services at Starkweather chapel at three o'clock. The services will be under the auspices of Phoenix lodge of this city of which he was a charter member.

HUGHES TO LECTURE

BISHOP EDWIN H. HUGHES WILL SPEAK AT NORMAL HALL MONDAY.

Monday evening Ypsilanti will have the privilege of listening to one of the very greatest lecturers of the year, Bishop Edwin H. Hughes. For a number of years Bishop Hughes was president of DePauw University and so is thoroughly in touch with the educational life of the country.

Several years ago while president of the university Mr. Hughes was invited to give the commencement address in the Normal College and he delivered one of the most pleasing and inspiring addresses ever given on such an occasion in this city. He is a keen clear-cut thinker and has a pleasant humor that convinces and charms an audience.

NEW BIRTHDAY PLAN

BIRTH ANNIVERSARIES OF VETERANS TO BE CELEBRATED EVERY THIRD MONTH.

There was a large attendance of members of the G. A. R. and W. R. C. at the pot-luck supper and social entertainment given at the home of Mr. and Mrs. Stanton Ferguson on Ellis street. Mr. Ferguson, who is 66 years old, is one of the youngest members of the Post and Mr. Culver, who is 83 is one of the oldest. A short program was presented among the numbers of which was the singing of an old army favorite, "The Army Bacon," and the telling of stories of the old days by Frank Joslyn.

Arrangements were made for holding quarterly birthday dinners during the life of the Post. The first of these will be held Dec. 29th at the G. A. R. hall. All members of the Post and the W. R. C. whose birthdays fall within the three months ending Dec. 31 are to be the guests and those whose birthdays occur between Jan. 1 and Sept. 30 will be hosts and hostesses. The guests will be responsible for the program and the supper will be prepared ad served by the others.

MME. PASQUALI IS WARMLY RECEIVED AT U. OF M. HALL

An enthusiastic reception is always Mme. Bernice de Pasquali's portion when she sings in Ann Arbor, but the constant applause and frequent insistent encores she received at the choral union concert Friday evening at the University of Michigan constituted rather of an ovation. Besides the charm of her glorious voice there is likewise a charm in the pretty way she moves about the stage, her manner towards her audience and the adorable quality of her deep slow acknowledgements.

The program was attractive to the highest degree and included three elaborate arias. There was throughout the giving of the long, varied progrom with its large demands a measure of sparkling exuberance which captivated everybody.

YPSILANTI AUTO MEN RECEIVE HONORABLE MENTION IN CITY PAPER

In a Detroit publication called "The Ford Times," appears this week an article by Norval Hawkins on the new managers of the Hawkins House gatage, T. E. Schaible and Jack Weidman. Pictures of the men sitting in a Ford car are shown and especial pride in Mr. Schaible is expressed as he has been out of the Ford works but a year and has done markedly well. Mr. Hawkins, who is a manager at the plant, and whose capabilities have been recognized very substantially by the Ford people, is a former Ypsilanti man.

Notice to the Public

At a meeting of the Directors of The C. W. Powell Mfg. Co., it was decided to issue the remaining shares of the company's stock. This action was made imperative by the greatly increased volume of business and the necessity for providing more space and greater facilities for the production of merchandise. The company are now using thirty–five power machines occupying three thousand square feet of floor space. With the proceeds of the sale of this stock, this space can be increased to forty–six hundred square feet making room for sixty machines and enabling the company to care for practically double the present volume of business. The company now are employing forty five people and by February 1st will have from sixty–five to seventy–five on their pay roll.

It was also decided to pay a 5% annual divident on all the company's stock payable July 1st, yearly. There still remains in the treasury thirteen hundred fifty shares of stock for sale, at the same price as the original issue, namely, 75c on the dollar. This stock carrying this guaranteed dividend makes an unusually attractive investment, really netting the holder nearly 7% on his money. This company is directed by Ypsilanti business men and is growing rapidly along profitable lines. It would seem that its success is assured. Inquire of your Banker of any business man of Ypsilanti or call at the factory and learn of Ypsilanti's growing industry, then subscribe for what stock you feel you can carry. Subscriptions for this stock, which will be sold in lots to suit the buyer, will be received at the company's office or at either The Ypsilanti National or The Ypsilanti Savings Bank.
